

FLEXIBLE PACKAGING MANUFACTURER

FLEXIBLE POULTRY PACKAGING

AVIENT SOLUTIONS

Cesa™ Anti-Block Additives and Cesa™ Slip Additives

WHY AVIENT?

- Provided additives that result in a lower coefficient of friction for packaging end products
- Enhanced the appearance of packaging surfaces by creating a smoother finish
- Offered expertise in additives for polyamides in flexible packaging and assistance in achieving regulatory approval

LEARN MORE

KEY REQUIREMENTS

- Provide low friction resistance for multilayer film structures with external polyamides
- Prevent self-adhesion of plastic films
- Enhance the end-use appearance
